

Syed Hassan Zaheer

Nationality: Pakistani | **Gender:** Male | **Phone number:** (+92) 3360778355 (Mobile) |

Email address: syedhassanshah154@gmail.com |

Address: Chak No.3 JB Ramdawali Sargodha Road, Faisalabad, 38500, Faisalabad, Pakistan (Home)

● ABOUT ME

Computer Science student at the University of Agriculture Faisalabad with experience in **Machine Learning, Flutter development, Python, and Linux-based systems**. Skilled in building **scalable applications and AI-driven solutions**, with additional experience in **IoT development**. Passionate about solving complex problems and delivering **efficient, reliable, and user-focused software solutions**.

● EDUCATION AND TRAINING

2023 – CURRENT
BS COMPUTER SCIENCE University of Agriculture, Faisalabad

Website <https://web.uaf.edu.pk/>

2021 – 2023 Faisalabad, Pakistan
INTERMEDIATE(FSC) Kips college, Sargodha Road

Final grade A+

2019 – 2021 Faisalabad, Pakistan
MATRIC Zeenat Modern Public High School

Final grade A+

● LANGUAGE SKILLS

Mother tongue(s): **URDU**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	B2	B2	B2	B2	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● PROJECTS

Image Stock Website — MERN Stack

- Technologies:** MongoDB, Express.js, React.js, Node.js, JWT, Cloud Storage, Vercel
- Developed a full-stack **image stock platform** using the MERN stack with complete user and image management workflows.
 - Implemented **authentication and authorization** using JWT and secure role-based access control.
 - Built features for **password reset, image upload, image selling, and buying**.
 - Designed a responsive and clean **React UI** with optimized API routes for fast loading and smooth navigation.

- Integrated backend services for real-time image handling and database operations.
- Successfully **deployed the application on Vercel**, ensuring high availability and performance.

Book Reading & Social App — Flutter + Node.js

Technologies: Flutter, Dart, Node.js, Express.js, MongoDB, JWT

- Developed a full-stack **book reading and social app** with Flutter and Node.js.
- Implemented **book reading, saving books, contributions, comments, friends, and discussions/talks**.
- Built **REST APIs and JWT authentication** with MongoDB for secure data management.
- Designed a **responsive and user-friendly Flutter UI** with smooth navigation.

Cloud File Manager — Flutter + Node.js

Technologies: Flutter, Dart, Node.js, Express.js, MongoDB, Cloudinary, JWT

- Developed a **Google Drive-style cloud file management app** using Flutter and Node.js.
- Implemented **file upload, download, storage, folders, and file management** using Cloudinary and MongoDB.
- Added **JWT authentication** and secure user-based file access.
- Designed a **clean and responsive Flutter UI** for seamless file organization and management.

● CERTIFICATIONS

Google, 06/09/2025

Google IT Automation with Python Certificate

Successfully completed a six-course professional certificate covering Python programming, IT automation, Git & GitHub, troubleshooting, configuration management, and cloud technologies. Developed practical skills in automating real-world IT tasks, debugging complex problems, and applying automation at scale. This hands-on curriculum equips learners for roles such as IT Support Specialist or Junior Systems Administrator.

● TECHNICAL SKILLS

Skills

- **Programming Languages:** Python, C++, C#, Java, JavaScript, Dart, Assembly Language
- **Machine Learning & Data Science:** TensorFlow, Keras, Convolutional Neural Networks (CNN), Pandas, NumPy, Data Visualization, Predictive Modeling
- **Frontend Development:** React.js, HTML, CSS, JavaScript, Flutter
- **Backend Development:** Node.js, Express.js, REST APIs
- **Databases:** MongoDB, MySQL, Firebase
- **IoT & Embedded Systems:** ESP32, DHT11, MQ135, Sensor Data Processing
- **Version Control:** Git, GitHub
- **Operating Systems & Tools:** Linux, Windows, Visual Studio, VS Code, Google Colab

● HOBBIES

Hobbies and interests

- Problem solving and logical puzzles
- Reading tech blogs and tutorials
- Learning and practicing programming
